## WINE & DINE

### *For the kids of St. Jude*

Let's toast to Maya Collins while raising \$\$ for St. Jude Children's Research Hospital.

Maya lived in Memphis, TN for 1<sup>1/2</sup> years while she endured her 3rd bone marrow transplant at St. Jude after relapsing from leukemia for the 2nd time. Everything Maya received while she was treated at St. Jude was completely paid for. Her medication, treatments, surgeries... even where she and her family resided and the transportation to and from the hospital was covered by the hospital. Sadly, Maya passed away due to complications of her treatments last October.

Please join us in lifting your glass to Maya and helping us to raise \$\$ to pay it forward to this amazing hospital.

\$100/person | includes a 4-course meal & wine pairings.
